Bull Selection for Commercial and Seedstock Beef Producers

Thursday, November 12, 2015

44 FARMS
1945 County Road 227, Cameron, TX

A bull is responsible for 50% of the herd’s calf crop and a good bull is an investment that can certainly pay big dividends. This one-day, intensive workshop will discuss applied as well as advanced bull selection techniques and use live animals to aid in visual selection.

Drs. Jason Cleere and Jason Banta will discuss the following topics:
- Cattle Breeds and Breeding Programs
- Visual Selection
- Individual Performance Data, EPDs, and Genetic markers
- Bull Fertility and Bull to Cow Ratios
- Bull care and Management

Register before November 3rd: $60/person
Register before November 10th: $75/person
Money back guarantee
(Includes lunch and program materials)

Register online at: https://agriliferegister.tamu.edu;
or call Extension Conference Services @ 979-845-2604
