A bull is responsible for 50% of the herd’s calf crop and a good bull is an investment that can certainly pay big dividends. This one-day, intensive workshop will discuss applied as well as advanced bull selection techniques and use live animals to aid in visual selection.

Drs. Jason Cleere and Jason Banta will discuss the following topics:
- Cattle Breeds and Breeding Programs
- Visual Selection
- Individual Performance Data, EPDs, and Genetic markers
- Bull Fertility and Bull to Cow Ratios
- Bull care and Management

Register before April 8th: $60/ person
Register before April 20: $75/person
Money back guarantee
(Includes lunch and program materials)
